Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Loss of General Amenity - Overdevelopment - Trees and Landscaping
Comments:	Further information has now come to light regarding sewage. The brook is already overwhelmed due to lack of capacity at Barns Green wastewater treatment causing flooding and impacting on

wild life and water quality. As southern water is closing itchingfield facility this will cause more environmental damage without adding the increased sewage from this proposed development. The impact of more housing in our village will be detrimental to the environment and will result in the loss of an essential village rural space.

Kind regards
