| Stance:              | Customer objects to the Planning Application                                                                                                                                                                                                                                                                                                                                          |
| Reasons for comment: | <ul style="list-style-type: none"><li>- Highway Access and Parking</li><li>- Other</li><li>- Overdevelopment</li><li>- Trees and Landscaping</li></ul>                                                                                                                                                                                                                                |
| Comments:            | The proposed development will cause more congestion at the Moorhead Roundabout. This land and that surrounding it is a part of the High Weald National Landscape. Extending the urban sprawl of Horsham further encroaches on and severely impacts local wildlife, and eco systems. Loss of land to live and hunt on not to mention pollution, noise and light from cars will further |

reduce wildlife living in this landscape. The immediate area does not have the infrastructure to cope with 120 new dwellings and the 400 - 500 new residents this will bring. The immediate area lacks schools, doctors, dentists and amenities to service such a large number of new residents.

---

Kind regards
