Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Loss of General Amenity - Overdevelopment
Comments:	This proposed development would be close to an already very busy roundabout and would cause considerable traffic congestion. It would affect the natural beauty of the area and cause damage to wildlife. More houses and people in the area would negatively affect the local infrastructure and overload schools, hospital, doctor's surgeries and emergency services. As with the previous proposed development in 2020, this one would cause significant

harm to the landscape and scenic beauty of the High Weald National Landscape and would represent an inappropriate incursion into the countryside, and conflict with the district's spatial strategy.

Kind regards
