Quotation

Quotations are usually valid for 30 days from issue date

Dear Mrs Claire Hunting,

Thank you very much for your enquiry, valuable time during our meeting and for the opportunity to present you with this quotation for the works discussed. We pride ourselves on offering as much information about the products, services and specification within this document as we believe transparency is key to a successful working relationship.

If you have any questions regarding the contents of this quotation then please do not hesitate to contact me directly, and they will be very pleased to assist you. We hope that this proposal is of genuine interest and we can work with you on this project, in part or in full, soon. We have facilities in both Midhurst, Guildford and Cobham, and we welcome a visit to see how the windows are made as well as 'finished' examples. Also, I encourage you to book a second home visit if you want me to run through any finer details of the product, process or your requirements.

With Kind Regards,

Martin Blundell
