Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking - Overdevelopment
Comments:	I believe the design is not in conformity with the regulations regarding size and type of windows and doors. I do not consider the proposal is in keeping with the rural area and is not providing housing which will be of benefit to the community which is short of affordable housing for local employees.

I am aware of other local residents and endorse and support the contentions they have expressed in their letters of objection to this proposal.

Kind regards
