Comments:

The village does not have the facilities for the expansion. It is not confirmed whether or not the water supply will even be possible to give access to this many more homes let alone schools, doctors, dentists shopping amenities. The reason I moved to Southwater was because of the village itself and now it feels like that is being taken away due to over population and over development in a small area which has natural beauty which is being taken away. This will diminish the lively hood of many of Southwater citizens with untold affects on what impact the lack of water supply could have to all those living in the area.

Kind regards
