

DELEGATED APPLICATIONS - ASSESSMENT SHEET

APPLICATION NO./ADDRESS:

DC/26/0190
Brooks Green Park, Emms Lane, Brooks Green, West Sussex,

DESCRIPTION:

Variation of condition 7 and Removal of condition 3 of previously approved application DC/23/1224 (Stationing of 3no. 2-bedroom residential park homes for year-round occupation) relating to water neutrality and broadband provisions.

RELEVANT PLANNING HISTORY:

DC/20/2431	Fell 2 x Oaks and 1 x Ash (Adj to 19 and 21 Woodland View)	Application Permitted on 04.02.2021
DC/23/1224	Stationing of 3no. 2-bedroom residential park homes for year-round occupation	Application Permitted on 15.05.2024

SITE AND SURROUNDS

Brooks Green Park is located outside of a defined settlement boundary and therefore, for the purposes of planning policy, the site is within the countryside. The site is located between Emms Lane and Trout Lane, with access taken directly from Emms Lane.

The site is an established park home site and currently accommodates 46no. static park homes for residential use on a permanent basis. The tenure of the existing homes is split between owner-occupied and rented. 25no. homes are owner-occupied whilst 21no. homes are rented. The access to the site is shared with Oaklands Park, a site of similar use but within different ownership.

DESCRIPTION OF THE APPLICATION

The application seeks permission for a variation of condition 7 and removal of condition 3 of DC/23/1224.

RELEVANT PLANNING POLICIES

The National Planning Policy Framework (NPPF)

Horsham District Planning Framework (2015):

Policy 1 - Strategic Policy: Sustainable Development
Policy 2 - Strategic Policy: Strategic Development
Policy 3 - Strategic Policy: Development Hierarchy
Policy 10 - Rural Economic Development
Policy 15 - Strategic Policy: Housing Provision
Policy 16 - Strategic Policy: Meeting Local Housing Needs
Policy 19 - Park Homes and Residential Caravan Sites
Policy 24 - Strategic Policy: Environmental Protection
Policy 25 - Strategic Policy: The Natural Environment and Landscape Character

Policy 26 - Strategic Policy: Countryside Protection
Policy 31 - Green Infrastructure and Biodiversity
Policy 32 - Strategic Policy: The Quality of New Development
Policy 33 - Development Principles
Policy 34 - Cultural and Heritage Assets
Policy 35 - Strategic Policy: Climate Change
Policy 36 - Strategic Policy: Appropriate Energy Use
Policy 37 - Sustainable Construction
Policy 38 - Strategic Policy: Flooding
Policy 39 - Strategic Policy: Infrastructure Provision
Policy 40 - Sustainable Transport
Policy 41 - Parking
Policy 42 - Strategic Policy: Inclusive Communities

Shipley Neighbourhood Plan:

Ship HD1: New Housing Development

Shipley Parish Design Statement:

Paragraph 33 of the NPPF requires that all development plans complete their reviews no later than 5 years from their adoption. Horsham District Council is currently in the process of reviewing its development plan however at this stage the emerging policies carry only limited weight in decision making. As the HDPF is now over 5 years old, the most important policies for the determination of this application must be considered as to whether they are 'out of date' (NPPF paragraph 11d). This includes, for applications involving the provision of housing, whether the Council can demonstrate a five year supply of deliverable housing sites (NPPF footnote 8).

The Council is currently unable to demonstrate a five year supply of deliverable housing sites, with the supply currently calculated as being 1 year. The presumption in favour of development within Paragraph 11d) of the NPPF therefore applies in the consideration of all applications for housing development within the District (unless footnote 7 or Paragraph 14 applies to relevant applications), with Policies 2, 4, 15 and 26 now carrying only moderate weight in decision making.

All other policies within the HDPF as itemised above have been assessed against the NPPF and are considered to be consistent such that they continue to attract significant weight in decision making.

Horsham District Local Plan (2023-40) (Regulation 19):

Policy 1: Sustainable Development
Policy 6: Climate Change
Policy 7: Appropriate Energy Use
Policy 8: Sustainable Design and Construction
Policy 11: Environmental Protection
Policy 13: The Natural Environment and Landscape Character
Policy 14: Countryside Protection
Policy 17: Green Infrastructure and Biodiversity
Policy 19: Development Quality
Policy 20: Development Principles
Policy 24: Sustainable Transport
Policy 25: Parking
Policy 45: Replacement Dwellings and House Extensions in the Countryside

Supplementary Planning Guidance:

Planning Obligations and Affordable Housing SPD (2017)
Community Infrastructure Levy (CIL) Charging Schedule (2017)

Planning Advice Notes:

Facilitating Appropriate Development
Biodiversity and Green Infrastructure

REPRESENTATIONS AND CONSULTATIONS RESPONSES

Where consultation responses have been summarised, it should be noted that Officers have had consideration of the full comments received, which are available to view on the public file at www.horsham.gov.uk

HUMAN RIGHTS AND EQUALITY:

The application has been considered having regard to Article 1 of the First Protocol of the Human Rights Act 1998, which sets out a person's rights to the peaceful enjoyment of property and Article 8 of the same Act, which sets out their rights in respect to private and family life and for the home. Officers consider that the proposal would not be contrary to the provisions of the above Articles.

The application has also been considered in accordance with Horsham District Council's public sector equality duty, which seeks to prevent unlawful discrimination, to promote equality of opportunity and to foster good relations between people in a diverse community, in accordance with Section 149 of the Equality Act 2010. In this case, the proposal is not anticipated to have any potential impact from an equality perspective.

PLANNING ASSESSMENT

The application seeks permission for the variation of condition 7 and Removal of condition 3 of DC/23/1224.

Water Neutrality:

Condition 3 related to the following:-

“Pre-Occupation Condition: *The development hereby permitted shall be undertaken in full accordance with the water neutrality strategy (Motion 8 Sept 2023). No part of the development hereby permitted shall be first occupied until evidence has been submitted to and been approved in writing by the Local Planning Authority that the approved water neutrality strategy has been implemented in full. The evidence shall include the specification of fittings and appliances used, evidence of their installation, and completion of the as built Part G water calculator or equivalent. The installed measures shall be retained as such thereafter.*

Reason: *To ensure the development is water neutral to avoid an adverse impact on the Arun Valley SACSPA and Ramsar sites in accordance with Policy 31 of the Horsham District Planning Framework (2015), Paragraphs 185 and 186 of the National Planning Policy Framework (2021), its duties under the Conservation of Habitats and Species Regulations 2017 (as amended), and s40 of the NERC Act 2006 (Priority habitats & species).”*

A 2021 Position Statement from Natural England identified that it could not be concluded with the required degree of certainty that new development in the Sussex North Water Supply Zone would not have an adverse effect on the integrity of the Arun Valley SAC, SPA and Ramsar sites. As a

consequence, and to comply with the legal duties set out in the Conservation of Habitats and Species Regulations 2017 (known as the Habitat Regulations), all new development since has been required to demonstrate water neutrality. The above conditions were imposed to ensure water neutrality. This current application seeks to remove this condition.

On 31st October 2025 Natural England formally withdrew the 2021 Position Statement, citing a package of measures that they were satisfied would safeguard the Arun Valley sites. Principal amongst these measures is a reduction in the Southern Water abstraction licence 'by March 2026'. However, given the licence change has not yet taken place Horsham District Council, as competent authority under the Habitats Regulations, cannot yet be certain that new development will not result in adverse impacts on the Arun Valley sites.

To ensure development can come forward as water neutral in the meantime, the Council has agreed with Natural England to use the significant water savings made by Southern Water in 2024/25 through their programme of leakage reduction (amongst other measures). This has generated some 3,240,000 litres per day of water savings that can now be attributed to new development without increasing water abstraction in the Arun Valley beyond baseline. These savings were previously to be used to launch the Sussex North Water Certification Scheme (SNWCS), however following the withdrawal statement SNWCS will no longer be launching. Natural England standing advice dated 10 November 2025 raises no objection to using these savings to enable development to come forward. The standing advice clarifies that it functions as Natural England's formal response pursuant to Regulation 63(3) of the Conservation of Habitats and Species Regulations 2017 to all relevant planning applications which seek to achieve water neutrality using the above Southern Water savings.

Officers have undertaken an Appropriate Assessment which demonstrates that the anticipated increase in mains water consumption from this development, alongside all other development granted since the 31st October 2025, will not exceed 3,240,000 litres per day.

Accordingly, Officers consider that the proposed development will not have an Adverse Effect on the Integrity of the Arun Valley Site, either alone or in combination with other plan and projects, thereby complying with Regulations 63 and 70 of the Conservation of Habitats and Species Regulations 2017, HDPF Policy 31, and paragraph 193 of the NPPF.

Broadband infrastructure:

Condition 7 related to the following:-

“Pre-Occupation Condition: No part of the development hereby permitted shall be occupied until the necessary in-building physical infrastructure and external site-wide infrastructure to enable superfast broadband speeds of 30 megabytes per second through full fibre broadband connection has been provided to the premises.

Reason: To ensure a sustainable development that meets the needs of future occupiers in accordance with Policy 37 of the Horsham District Planning Framework (2015).”

The applicant has included a cover letter which requests an amendment of the wording of condition 7 to allow alternative methods of broadband provision. It is considered that provided that each of the premises have access to the internet at a speed which is a minimum suitable speed such that it can provide for their everyday requirements, there are no objections to a proposed alternative wording. As such, the following condition is considered sufficient.

“Pre-Occupation Condition: No part of the development hereby permitted shall be occupied until the necessary in-building physical infrastructure and external site-wide infrastructure to enable a minimum provision for gigabit-capable fibre broadband connection has been provided to each of the premises.

Reason: To ensure a sustainable development that meets the needs of future occupiers in accordance with Policy 37 of the Horsham District Planning Framework (2015).

Biodiversity Net Gain (BNG):

Schedule 7A of the Town and Country Planning Act 1990 (as inserted by Schedule 14 of the Environment Act 2021) mandates that every development must achieve at least a 10% Biodiversity Net Gain (BNG) unless the development qualifies as exempt under the Biodiversity Gain Requirements (Exemptions) Regulations 2024.

As the original planning permission, which this application seeks to amend, was granted prior to April 2024 it is exempt from BNG.

Conclusions:

The proposal is considered to comply with relevant local and national planning policies and is therefore recommended for approval.

Recommendation: Application Permitted

Conditions:

2 **Standard Time Condition:** The development hereby permitted must be commenced by the 15.05.2027.

Reason: To comply with Section 91 of the Town and Country Planning Act 1990.

3 **NOT USED**

4 **Pre-Occupation Condition:** No part of the development hereby permitted shall be occupied until a scheme for the provision of electrical vehicle charging points has been submitted to and approved in writing by the Local Planning Authority. The approved scheme shall be installed prior to first occupation of the development and shall thereafter remain as such.

Reason: To provide electric vehicle car charging space for the use in accordance with Policies 35 and 41 of the Horsham District Planning Framework (2015) and the WSCC Parking Standards (2019).

5 **Pre-Occupation Condition:** No part of the development hereby permitted shall be first occupied until full details of all hard and soft landscaping works shall have been submitted to and approved, in writing, by the Local Planning Authority. The details shall include plans and measures addressing the following:

- Details of all existing trees and planting to be retained.
- Details of all proposed trees and planting, including schedules specifying species,
- Details of all hard surfacing materials and finishes.
- Details of all boundary treatments.
- Details of all external lighting.

The approved landscaping scheme shall be fully implemented in accordance with the approved details within the first planting season following the first occupation of any part of the development. Unless otherwise agreed as part of the approved landscaping, no trees or hedges on the site shall be wilfully damaged or uprooted, felled/removed, topped or lopped without the previous written consent of the Local Planning Authority until 5 years after completion of the development. Any proposed or retained planting, which within a period of 5 years, dies, is removed, or becomes seriously damaged or diseased shall be replaced in the next planting season with others of similar size and species unless the Local Planning Authority gives written consent to any variation.

Reason: To ensure a satisfactory development that is sympathetic to the landscape and townscape character and built form of the surroundings, and in the interests of visual amenity in accordance with Policy 33 of the Horsham District Planning Framework (2015).

- 6 **Pre-Occupation Condition:** No part of the development hereby permitted shall be occupied until the cycle parking facilities serving it have been provided within the garage or side or rear garden for that dwelling. The facilities shall thereafter be retained for use at all times. The cycle parking facilities shall thereafter be retained as such for their designated use.

Reason: To ensure that there is adequate provision for the parking of cycles in accordance with Policy 40 of the Horsham District Planning Framework (2015).

- 7 **Pre-Occupation Condition:** No part of the development hereby permitted shall be occupied until the necessary in-building physical infrastructure and external site-wide infrastructure to enable a minimum provision for gigabit-capable fibre broadband connection has been provided to each of the premises.

Reason: To ensure a sustainable development that meets the needs of future occupiers in accordance with Policy 37 of the Horsham District Planning Framework (2015).

- 8 **Regulatory Condition:** All works shall be executed in full accordance with the submitted Arboricultural Impact Assessment/Method Statement (Arboricultural Consultancy Limited June 2023).

Reason: To ensure the successful and satisfactory protection of important trees, shrubs and hedges on the site in accordance with Policies 30 and 33 of the Horsham District Planning Framework (2015).

- 9 **Regulatory Condition:** No works for the implementation of the development hereby approved shall take place outside of 08:00 hours to 18:00 hours Mondays to Fridays and 08:00 hours to 13:00 hours on Saturdays nor at any time on Sundays, Bank or public Holidays.

Reason: To safeguard the amenities of adjacent occupiers in accordance with Policy 33 of the Horsham District Planning Framework (2015).

- 10 **Regulatory Condition:** The development hereby permitted shall be managed and occupied in strict accordance with paragraph 4.1 of the Planning Statement (ref: 2858 and dated June 2023).

Reason: To ensure the development meets a local district wide housing need and in accordance with Policy 19 of the Horsham District Planning Framework (2015).

- 11 **Regulatory Condition:** The water usage of each unit hereby permitted shall be limited to no more than 110 litres per person per day. The subsequently installed water limiting measures shall thereafter be retained.

Reason: To limit water use in order to improve the sustainability of the development in accordance with Policy 37 of the Horsham District Planning Framework (2015), and to avoid an adverse impact on the Arun Valley SACSPA and Ramsar sites in accordance with Policy 31 of the Horsham District Planning Framework (2015), Paragraph 193 of the National Planning Policy Framework (2024), and to allow the Local Planning Authority to discharge its duties under the Conservation of Habitats and Species Regulations 2017 (as amended), and s40 of the NERC Act 2006 (Priority habitats & species).

NOTE TO APPLICANT

- The applicant is reminded that, under the Conservation of Habitats and Species Regulations 2017 (as amended) and the Wildlife and Countryside Act 1981 (as amended), it is an offence to (amongst other things): deliberately capture, disturb, injure, or kill great crested newts; damage or destroy a breeding or resting place; intentionally or recklessly obstruct access to a resting or sheltering place. Planning permission for a development does not provide a defence against prosecution under this legislation.

- Should great crested newts be found at any stage of the development works, then all works should cease, and a professional and/or suitably qualified and experienced ecologist (or Natural England) should be contacted for advice on any special precautions before continuing, including the need for a licence
- The applicant's attention is also drawn to the provisions of both the Wildlife and Countryside Act 1981 and the Protection of Badgers Act 1992. Under these Acts, it is an offence to intentionally or recklessly kill, disturb, damage or destroy a protected species or its habitat. This includes but is not limited to wild birds, bats, badgers, dormice, reptiles and great crested newts.

NOTE TO APPLICANT

Biodiversity Net Gain Condition

Paragraph 13 of Schedule 7A to the Town and Country Planning Act 1990 states that planning permission is deemed to have been granted subject to the "biodiversity gain condition" which means development granted by this notice must not begin unless:

- a Biodiversity Gain Plan has been submitted to the planning authority, and
- the planning authority has approved the plan.

Under Regulations 4, 5, 7 & 8 of the Biodiversity Gain Requirements (Exemptions) Regulations 2024 the statutory biodiversity gain condition required by Schedule 7A to the Town and Country Planning Act 1990 (as amended) does not apply in relation to planning permission for development which:

1. does not impact an onsite priority habitat (a habitat specified in a list published under section 41 of the Natural Environment and Rural Communities Act 2006); and impacts less than 25 square metres of onsite habitat that has biodiversity value greater than zero and less than 5 metres in length of onsite linear habitat (a hedgerow habitat or watercourse habitat identified for the purposes of the biodiversity metric);
2. is the subject of a householder application within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015;
3. is undertaken solely or mainly for the purpose of fulfilling, in whole or in part, the biodiversity gain planning condition which applies in relation to another development (In determining whether a development is undertaken solely or mainly for this purpose, no account is to be taken of any facility for the public to access or to use the site for educational or recreational purposes, if that access or use is permitted without the payment of a fee);
4. consists of no more than 9 dwellings, is carried out on a site which has an area no larger than 0.5 hectares, and consists exclusively of dwellings which are self-build or custom housebuilding ("Self-build or custom housebuilding" has the same meaning as in section 1(A1) of the Self-build and Custom Housebuilding Act 2015 (as amended)).

In addition, the Biodiversity Gain Plan Condition does not apply to applications for major development made before 12 February 2024, or non-major development made before 2 April 2024.

Based on the information submitted in the planning application documents, the Planning Authority considers that this permission is exempt from biodiversity net gain, and as such does not require approval of a biodiversity gain plan before development is begun.

Statutory exemptions and transitional arrangements

There are statutory exemptions and transitional arrangements which mean that the biodiversity gain condition does not always apply. These can be found at Paragraph: 003 Reference ID: 74-003-20240214 of the Planning Practice Guidance, which can be found at <https://www.gov.uk/guidance/biodiversity-net-gain>.

Irreplaceable habitat

If the onsite habitat includes irreplaceable habitat (within the meaning of the Biodiversity Gain Requirements (Irreplaceable Habitat) Regulations 2024) there are additional requirements for the content and approval of Biodiversity Gain Plans.

POSITIVE AND PROACTIVE STATEMENT

Statement pursuant to Article 35 of the Town and Country Planning (Development Management Procedure) (England) Order 2015. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received, in order to be able to, where possible, grant permission.
