Dear Emma.

Further to your email below the proposed balustrade would be hit+miss timber which is double-skinned and will not allow any views through. This was proposed previously during the application and was agreed with Marie in April. Below are two screenshots of example images sent at the time:

I trust this is acceptable once again.

I have received acknowledgement of the NMA application, many thanks, and hopefully it will progress smoothly. Should any further information be needed please let me know.

Kind regards.
