

HORSHAM DISTRICT COUNCIL CONSULTATION

TO:	Horsham District Council – Planning Dept
LOCATION:	36 – 37 Carfax, Horsham
DESCRIPTION:	Installation of defibrillator and bleed kit cabinets to external wall of Nationwide Building Society Branch (Listed Building Consent)
REFERENCE:	DC/26/0488
RECOMMENDATION:	Advice / No Objection / Objection / More Information / Modification / Refusal
SUMMARY OF COMMENTS & RECOMMENDATION: See below	
MAIN COMMENTS: The application building is situated in a prominent corner location within the Horsham Town Centre Conservation Area. It contains within the first-floor interesting timber framing highlighting its historical importance as a grade 2 listed building. Although the proposed defibrillator and bleed kits due to their appearance would be considered to result in less than substantial harm to the significance of the building (at the lower end of the scale), it would be suggested that in this instance the public benefit should be weighed against this harm.
