Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Loss of General Amenity - Overdevelopment
Comments:	Will affect the character of the village. There is already issues with sewers overflowing, so with these additional houses/dwellings will make it even worse. This development will ruin the village & affect the village pub in a negative way. The village pub will end up closing as there is no guarantee the pub will survive the building

of the new dwellings. There are already too many pubs closing & the Queens Head is vital to the village community. So I object to this development.

Kind regards
