Reasons for comment:	
Comments:	I live very near Pemberley and am familiar with the land and buildings forming part of the holding. I have carried out agricultural work on the land for the previous owner and have continued to do this [REDACTED] when she purchased it [REDACTED]. I have continued to undertake hay making and cutting grass for silage on the fields each year since. The fields are actively managed for grass production to provide hay and silage. The barn forms part of the holding associated with the management of the land. I fully support this application.

Kind regards
