**YOUR COMMENTS ON THE CASE**

I live near the business and previously appealed and have found FFS working  often through the night waking my child up with the vehicle  noises and shouting from the site at very unsociable hours.  We don’t back on to the site yet still wakes my son with noicse pollution disturbing his sleep. We object strongly to this planning application .

The previous business have never effected our household to this level, since FFS has moved in it has caused us distress and effected our child and our sleep.

We hope the council will consider our serious concerns over this matter and negative issues it is causing to the residential area.
