FOR THE ATTENTION OF Mr. Harrison Dun
https://www.gov.uk/appeal-planning-inspectorate

Dear Mr. Dun,

DC/24/0327 – APP/Z3825/W/24/3350602

I am writing on behalf of Forest Neighbourhood Council who, whilst non-statutory, are informed by the local Council, Horsham District Council, about planning applications in this neighbourhood and our comments are taken into consideration. Horsham Town does not have a Town Council.

We submitted our objection to Freight Forwarding Solutions retrospective application for additional working hours and this is uploaded on Horsham DC Planning Portal. We appreciate this Company is on a Trade Park and therefore noise is inevitable but we continue to strongly believe the requested hours of work for a business that involves large vehicles, loading and unloading for long hours during weekdays and all day Sunday, is unacceptable and unfair for the residents in Crawford Gardens. It is constant sound that includes engines running, forklift truck operations and general noise from a busy operation of this kind.

For this reason, we are now writing to you directly to reinforce our objection to this appeal for working hours beyond what is reasonable.

Yours sincerely,

[redacted]
Clerk on behalf of Forest Neighbourhood Council
