Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Overdevelopment
Comments:	This was once an equestrian field with stables, now it is a busy commercial premises. The buildings and containers that are already here are out of keeping with this rural area, and have been subject to numerous enforcement notices and retrospective planning applications in the past. There is currently an enforcement notice on a huge white barn that was built without consent. The overdevelopment of this field on a narrow country lane has to

be addressed. The owners seem to think they can do exactly as they please with no regard for planning constraints, the other road users in the area or the neighbours of this site.

Kind regards
