Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Loss of General Amenity - Overdevelopment - Privacy Light and Noise - Trees and Landscaping
Comments:	Horsham has already taken on more than it's fair share of housing - it's about time brown sites are prioritised. So much traffic, noise and pollution from that part of the A264 as it is! First bit of heat and already the water companies are urging us to be careful with water supplies due to reservoirs being low!

So much bio diversity has already been lost in Horsham due to the amount of building on prime green fields - enough is enough. The only reason builders are targeting Horsham and it's surrounding areas is because they can get more money for them, they are quick to say how many are affordable but is that really the case - is this verified.

Kind regards
