Dear Emma & Hannah and Planning.

Thank you for your information regarding the above Planning Application for a single dwelling Chalet Style (Self Build) at Oakwood Farm, Storrington Road, Thakeham, West Sussex RH20 3QT. It would be supporting a local agricultural business which we support wholeheartedly.

We see no issue with the Planning Application BUT we do have concerns if the Application is approved, that it could potentially, allow further house building in the future, on what is at present, designated agricultural land.

We would hope that you will protect against this possible event and that the land will retain its agricultural status.

Please acknowledge receipt of this email.

Yours Faithfully
