Horsham Denne Neighbourhood Council
CONSULTATION COMMENTS

TO:	Horsham District Council – Planning Dept
SITE ADDRESS:	20 Pine's Ridge, Horsham
PROPOSAL:	Surgery x1 Oak
REFERENCE:	DC/24/0923
RECOMMENDATION:	No objection
SUMMARY OF COMMENTS & RECOMMENDATION: Horsham Denne Neighbourhood Council has no objection to this application (See main comments)	
MAIN COMMENTS: Horsham Denne NC Tree Warden, Andrew Dickinson, has visited the site, and his report is as follows: The mature Oak tree has been viewed. Much of the height can be reduced by up to 3m (any more than that would classify the tree as being pollarded). The crown of the tree is unbalanced. This could be corrected by reducing the east-facing branches to give the tree a more balanced shape, but without removing an excessive amount of the lateral branches. All cuts should be made to a healthy union join and any dead wood removed. This should leave the tree in a well-balanced shape. Therefore HDNC has no objection to this application.
