Subject: Planning Application Consultation - DC/25/0956
Categories: Consultations

Good morning Sam,

RE: DC/25/0956

Thank you for consulting me on the above development. The applicant has provided a Precautionary Working Methods Statement within their eDNA report (Imprint Ecology, April 2025), this is deemed suitable for the proposed development and should be secured via condition if you are minded to approve the application.

Kind regards,

Jennie Shea
