- 1.1 The Local Highway Authority has reviewed the submitted information. The application is for a variation of conditions under s73 to the previously approved planning application DC/22/1954.
- 1.2 There don't appear to be any changes to vehicle access from the public highway (Greenway) or matters that would alter the LHA previous comments on the approved application (DC/22/1954).
- 1.3 Construction Environmental Management Plan (CEMP) - The Highway Authority considers that the CEMP demonstrates an appropriate overall approach to managing construction traffic and minimising impacts on the surrounding highway network.
