Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Loss of General Amenity
Comments:	While i support the redevelopment of the school, I am concerned about the proposed loss of the current astroturf facility. In addition to the formal clubs referred to in the report, there are many informal groups who make good use of these facilities, and have done for many years. This facility is an important asset for the local community, and much valued. It is essential that it continues

to be available, either by providing a temporary facility on site during the building works, or preferably by retaining the current astroturf pitch until the replacement is available for public use.

Many thanks.

Kind regards
