Commenter Type:	Member of the Public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	I fully support the proposed change of use application for a gym in Billingshurst. A local gym would be a huge benefit to the community, giving people of all ages and abilities easier access to health and fitness facilities close to home. The location is ideal and easily accessible for local residents, encouraging healthier lifestyles, improving mental wellbeing, and reducing the need to travel outside the village to use similar facilities. A gym would also create a positive community space,

increase local footfall, and support nearby businesses.

Facilities like this are important for the long-term health and wellbeing of the community, and I believe this would be a very positive addition to Billingshurst. I strongly encourage the council to support and approve the application.

Kind regards
