Commenter Type:	Neighbour
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	- Privacy Light and Noise
Comments:	I live at 48 and my neighbours live at 50 and 52. We do not object to Velux windows at high level, but in your planning notes you are talking about :-" Loft Conversion with Dormer Windows 3.3 3.4 3.5 4 4.1 4.2 5 5.1 The proposal involves the conversion of the existing loft space within the main pitched roof structure to provide functional first-floor accommodation. Dormer windows are proposed to provide natural light and headroom to the converted space. "

We are Not in Favour of Dormer Windows and hope this is a mistake/oversight, please correct the wording in the supporting statement.

Kind regards
