Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking - Other - Privacy Light and Noise
Comments:	I am a close neighbour of the proposed application and have concerns regarding the application as follows: 1. We are concerned regarding the impact that this planning application will have on our wall adjacent to the property. Work

vehicles will require access to the rear of the property and we are concerned what impact that will have on our property and that no acknowledgement has been made to us regarding this impact.

2. We remain concerned about the impact on our privacy of the first floor rooms overlooking our garden, and the additional noise and lighting disruption.

3. We are concerned about the impact of the building works on parking in the immediate area. An informal arrangement existed between neighbours of number 84 and Barclays bank which allowed us to park in the car park. Whilst we understand that this is private property and for residents' use, we hope that WSCC understand the pressure this places on residents of Billingshurst High Street who have no parking options, and will address this on-going problem.

Thanks for your time.

Kind regards
