Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Loss of General Amenity - Overdevelopment - Trees and Landscaping
Comments:	There is plenty of brownfield sites on which to build on. Green sites are increasingly becoming a rarity and should be protected. These housing estates are being built all over greenbelt land and sit empty as they are too expensive for the average person to buy. Not to mention a lack of essential infrastructure existing in Horsham. You can't just keep adding in thousands of new families

without increasing the number of doctors surgeries, schools and other amenities as well as improving the ever increasing congestion on the roads.

Kind regards
