Comments:	This fitness studio is the perfect addition to the village: offering flexible health and fitness classes for the community. Not only offering personal training and group classes for all abilities; the business builds billingshurst community through friendships and shared goals. The business also organises local walks, charity nights at locals pubs and running groups. The studio only allows a small groups at a time and most people walk or run there but there is plenty of parking. The venue is fully kitted out with

fantastic equipment and is extremely clean and well kept. Nothing but a very positive use for the space.

Kind regards
