Comments:	I think having this type of business in this area of Billingshurst is really positive as it provides fitness appointments outside of core work hours avoiding any problems with traffic and a location that could be easily walked to by people who live on this side of the village. Although they also have sufficient parking for the class sizes for those who do drive. As this business focuses on supporting health and fitness, I believe that the change of use should be supported. And I can not foresee any negative impacts from this change.

Kind regards
