To whom this may concern,

Name - Tim Bennett
Business - Timber Tree Services
Address of Tree - 24 Richmond road RH12 2EG
[REDACTED]

I am writing this to apply for the tree works of a silver birch at the address above, applying for a 2m reduction all over to reduce its size for the customer to get more light into their garden and to bring away from the customers property to prevent damage in the future.
From photos attached, the red lines indicate the current shape of the tree and the green lines show where we would like to prune the tree to. The tree would be pruned back to suitable pruning points and precise pruning cuts to maintain the health of the tree.
