Hi there,
As per request [redacted] and un reference to CA/25/0061 I have had the arborist out and he can confirm:

Tree is a White Poplar
Height approx 40ft (and on a slope over hanging my office)
The tree is on our fence line at Barton's, Little Drove

Please advise approval for reducing the tree as per planning request or if yiu require any further information.

Kind regards, Alex
