Reasons for comment:	- Highway Access and Parking
Comments:	I am in full support of the proposed development. Since there is a new clearway throughout the whole of the village depicted by a solid white line on both sides of the road which means NO parking at any time, there is clearly a vast deficit in available parking for residents and visitors, particularly in this street. Any other gaps in the clearway are marked by double yellow lines, which only allow setting down of a passenger or for use to park by those with a disabled badge displayed. The couple that are renovating Chewton are doing so in a

sympathetic manner and are obviously in tune with the sensitivities of a heritage restoration. Their workmanship is exemplary. I fully trust that their proposal will be executed in a similar manner and in keeping with local aesthetics. The sight line is good on both sides of their property.

Kind regards
