Stance:	Customer objects to the Planning Application
Reasons for comment:	- Loss of General Amenity
Comments:	The loss of the all weather court as this appears to be the first thing to go and the last thing to come back is a real shame, not just for me as a user, but for all the children just going up into secondary school. And when it is, for it to be replaced with a 3G pitch (considered dangerous in the EU), means hockey can no longer be played locally is extremely sad. Until 5years ago my exercise was always solitary, until I gave hockey a go and found a

great community of people enjoying sport, fitness and the social aspect. Sport and importantly a variety of activities is vital for all ages, those at school and those who have left many many moons ago.

Kind regards
