Stance:	Customer objects to the Planning Application
Reasons for comment:	- Other
Comments:	This area is and always has been a sanctuary for those of us who live in the village. It provides us with an opportunity to escape from the exhaust fumes of the relentless traffic going through the village. It also provides us with a safe place for people to walk their dogs, and families to walk with small children and indeed, for children to ride their bikes in safety. The other objection is access to and from the A281, with cars already parked on both sides of the road. In addition to the above the lane is not suited to accommodate the volume of the traffic initially for the contractors' vehicles, but also when the houses are built the volume of of

traffic these 9 properties will inevitably generate. My final reason for objecting is because the building of these houses will have a negative impact on the existing wildlife.

Kind regards
