Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Overdevelopment - Privacy Light and Noise - Trees and Landscaping
Comments:	This road is already overdeveloped and the disruption to the landscape and neighbours is inconsiderate. My friends who live in rock road who have children studying for exams will be disturbed by the construction noise along with the dust and additional traffic if the building takes place. Our local wildlife will be disturbed and potentially lost if the build takes place.

Lastly I have a friend who lives near the potential build with health issues who is extremely stressed already before anything starts.

Kind regards
