Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking - Loss of General Amenity - Overdevelopment
Comments:	This is a listed property which used to have a beautiful cottage garden in keeping with the conservation area. The garden has been razed to the ground and trees removed in anticipation of being granted permission. No other property in this row of houses has parking on the frontage and it would totally detract from the streetscape. Parking is not an issue in the locality. However the property is close to a blind sharp bend and vehicles travel far faster round it

than they should. The addition of cars turning out of a drive with limited visibility in either direction would be an accident waiting to happen in an area where children and families are walking to the village school.

Kind regards
