Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Overdevelopment - Trees and Landscaping
Comments:	Profits before commonsense! Access to the proposed development is not suitable. The paths down the access road are already too narrow, making people have to walk on the road. With an extra 300 + cars using one road in and out is just ridiculous! The Ashington School is already over subscribed, the local shops struggle with the current volume of customers, with cars parking all over the road, blocking access to existing houses. Anyone with an ounce of sense can see this whole development is purely for making money (HDC and the developer) purposes and not to help people in this community.

Squeezing extra housing in to the development and dropping some of the "new local amenities" says it all.

The whole idea is an absolute joke. Its not thought through properly and needs to be completely re-think.

Kind regards
