Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Overdevelopment - Trees and Landscaping
Comments:	Traffic is already busy around the village, and the road down some roads are awful with potholes. The increase of traffic, especially across a busy public and popular public footpath, and many children walking around from church. I am on staff at the church, and I'm interested that, considering the access road is right by the church, that, no one has reached out to us. We have a busy church, with various midweek events, including toddler groups and seniors cafe. Then over 200 people on a Sunday morning. The building of all this is with the traffic and building vehicles going to be insane, noisy and

long.

Also, the forest schools seems incredibly far from the school. Are they having to walk through a whole housing development to get to their forest school? How is that safe?!?

Thanks.

Kind regards
