Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Loss of General Amenity - Overdevelopment - Trees and Landscaping
Comments:	I strongly object to this application on several counts - first you are trying to squeeze nine houses into such a small space which is an open field and completely unsuitable for such a large development. The access is extremely small and the increase in traffic using my road would be huge. Also the huge inconvenience which would occur during the building is totally unacceptable. This

is a green field at the edge of the village with no facilities for drainage, power cables etc and the total destruction of a lovely field is pointless- or should I say totally selfish with only the desire to make money!!! All I see is greed with a total disregard for the impact on present occupants of adjoining houses plus the increase in traffic using this already overcrowded road with only one exit on to the main road. Please turn down this application, even if the plans are slightly amended since the impact of any additional houses is not welcomed.

Kind regards
