Comments summary

Dear Sir/Madam,

Planning Application comments have been made. A summary of the comments is provided below.

Comments were submitted at 04/04/2026 7:23 AM.

Application Summary

Address: Land North West of Southwater

Proposal: Outline planning application, with all matters reserved (except for primary access to the highway) for a phased development comprising: the demolition of existing buildings and the construction of up to 1,000 residential dwellings (including affordable housing) (Use Class C3); up to 80 specialist accommodation units (Use Class C2); a mixed-use neighbourhood centre (Use Classes E and F); education facilities (Use Class F1(a)); business and employment floorspace (Use Classes B2, B8 and E(g)); redevelopment of existing agricultural buildings including construction of a building for community use (Use Classes E and F2); improvements to public rights of way; sports pitches; gypsy and traveller pitches/plots; public open space; landscaping, and associated infrastructure

Case Officer: Matthew Porter

Reasons for comment:

- Loss of General Amenity
- Overdevelopment
- Trees and Landscaping

Comments:

I am objecting to the Berkeley Homes proposal to build 1,000 homes northwest of Southwater on the grounds that NHS and healthcare infrastructure is already overwhelmed, and no plan exists to expand it.

Anyone who lives in Southwater knows how hard it is to get a GP appointment. The surgeries serving the village are already under serious pressure from the population that is already here - let alone the 1,150 new homes already approved and under construction. The situation is not simply one of physical capacity: the local surgery appears to have room to accommodate additional GPs but is currently unable to recruit them. Approving 1,000 more homes does nothing to solve a staffing crisis that the NHS itself has not been able to resolve. Access to NHS dentistry in the area is also severely constrained, with many residents unable to register with any NHS dentist at all.

Southwater is also geographically isolated from the main hospitals. As a result, ambulance response times for our area are among the worst in the whole of Sussex. Adding over 2,000 more homes will put even greater pressure on emergency response capacity.

NHS England has not confirmed that primary healthcare capacity exists or can be funded to serve the additional population from Berkeley Homes' proposal. There is no costed, legally secured plan for a new GP surgery or expansion of existing facilities. 'We will work with the NHS to address this' is not a plan - it is a hope.

Previous large Southwater developments came with promises of community infrastructure that did not materialise on time, or at all. Residents have already been let down once. Approving 1,000 more homes based on promises is not acceptable.

I ask that the Berkeley Homes 1,000-home proposal be refused until NHS England has formally confirmed that funded, deliverable primary healthcare provision exists to serve the combined population increase from all committed Southwater developments.

Kind regards
