Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking - Other - Privacy Light and Noise - Trees and Landscaping
Comments:	I object in the strongest terms because of the destruction of the site. The soil levels have deliberately been increased and changed, the site is now flooding following the removal of natural water courses which took away water from the site. The owner has ignored multiple planning requirements for the work on the

site and an enforcement notice was applied.
The owner shows total disregard for planning rules.
The entrance way has been widened without permission and several cubic meters of concrete have already been laid. There is a new road built without permission and this leads to a builders yard.
This application must not be allowed to be passed under any circumstances.

Kind regards
