Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	This planning application and its consultation has been kept very low profile. It's almost as if the council want to pass it through without proper review. This comes as no surprise as the local community and infrastructure cannot support another development of this scale. Nothing about roads, drainage, sewage, community infrastructure, schools, social services, doctors, dentists etc needed to support

such a development. No proposals for a spending increase to allow for the increased pressure on local environment. The damage done to the existing community and lack of forward thinking in support of another 150 houses is a disgrace.

Kind regards
