Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Loss of General Amenity - Overdevelopment - Privacy Light and Noise - Trees and Landscaping
Comments:	I live on Earles Meadow and it is hard enough to turn out of my road either left or right with the amount and speed of traffic coming off and on to Moorhead roundabout. I'm surprised there aren't more accidents! Adding additional houses and therefore cars to the immediate area is going to cause even more hazards

and congestion.

The area to be built on is part of the High Weald National Landscape and wildlife and eco-systems will therefore be seriously impacted with pollution from cars, noise and light. The area also lacks local infrastructure and this will put a heavier burden on schools, GP practices, the hospital and emergency services.

There is so much additional building going on around Horsham, this would cause unnecessary harm to the surrounding countryside as well as negatively affecting the local population.

Kind regards
