Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Overdevelopment - Trees and Landscaping
Comments:	It is utterly ridiculous that planning is again being submitted for this development when it has previously been dismissed under Ref: DC/20/0470 with the Planning Inspector concluding that this would 'result in significant harm to the landscape and beauty of the High Weald AONB...'. I can't see that anything is any different now? The impact will still be the same. Additionally we have the huge North Horsham Development nearby so surely we have

more than enough new houses being built. Most importantly perhaps is the lack of a close A&E department and the additional traffic pollution, demand on public transport and GP surgeries. We cannot keep adding so many homes without addressing these incredibly vital issues.

Kind regards
