FROM:	Highways, WSCC
DATE:	25/03/2025
LOCATION:	Broadview, Guildford Road, Broadbridge Heath, RH12 3PQ
SUBJECT:	DC/25/0289 Change of use of building to provide 6 bedspaces for students with special educational needs to include refurbishment and Internal alterations. (Full).
DATE OF SITE VISIT:	N/A
RECOMMENDATION:	Advice
S106 CONTRIBUTION TOTAL:	£N/A

This application has been dealt with in accordance with the Development Control Scheme protocol for small scale proposals.

This application seeks the refurbishment, internal alteration and change of use of existing building to provide six bedspaces for students with special educational needs. The site is located off Guildford Road, an A-classified road subject to national speed limit in this location.

WSCC in its role as Local Highway Authority (LHA) previously provided consultation advice for this site for similar application DC/24/1037, raising no highway safety concerns. This application was withdrawn.

For the current application, no alterations are proposed to the existing vehicular access arrangement. The proposed change of use is not anticipated to give rise to a significant material intensification of use of the existing access point.

From inspection of the plans, the application site exhibits suitable space for vehicular parking associated with the proposed use to be accommodated, with space for turning.

In summary, the LHA does not consider that this proposal would have an unacceptable impact on highway safety or result in 'severe' cumulative impacts on the operation of the highway network, therefore is not contrary to the National Planning Policy Framework (paragraph 116), and that there are no transport grounds to resist the proposal.
