

18 COVERT MEAD ASHINGTON WEST SUSSEX RH20 3PR.

[REDACTED]

From Ashington School House Trust.(Reg charity)

Re DC/23/0406

We supplied funds to build Ashington Primary school and by Trust Deed have taken ownership back as far as latest legislation allows.

Land must be reserved to allow the school to increase it to a two form entry.

(village has grown by 700 houses since 1998 without this development)

Access must be retained for the school to access forest schools area safely.

The rear of the school will be exposed during and after development so in according to safeguarding regulations a fence of at least 2 metres need to be erected to fence of the school with adequate access gates.

During development movement of vehicles should be restricted during school opening and closing times for children's safety.

The school allotment at the rear to be retained and fenced off as above for safeguarding regs.

Consideration should be given for paths to allow children access to the rear of the school and to allow safe access to forest schools area.

Netball and basketball all weather pitch is highlighted in ANP 2.28.
