Hi Nick,

The cabin is completely made from Spruce including roof boards and floorboards. The base consists of composite posts and pressure treated timber, in the roof there is also OSB under the roof coverings which are felt shingles. Let me know if I've missed anything 😊

Hi Aimee,

One final piece of info for Horsham required (they called me just now).

Can you provide a list of materials used for base, walls, floor, roof?

Many thanks.

Hopefully a decision next week and I can confirm the order!!

Nick
