Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Loss of General Amenity - Overdevelopment - Trees and Landscaping
Comments:	I am objecting to this proposed development on Eastlands Lane because it has been designated as a Local Green Space. I and my children use the lane daily to get out to the country side and enjoy nature which would be significantly affected by the development. I am concerned that it would be a stepping stone to building more houses and extending the boundary of the village.

The volume of traffic on the lane would also increase significantly which would change the rural nature of the lane and be a danger for children and dogs.

Kind regards
