RE: DC/24/0940 - LBC - Mulberry House, 8 The Square, Storrington

Hi Steve

I apologise for the delay. The comments of the agent are understood, and the difficulties of removing the glass acknowledged. The replacement of the glass would be acceptable although if possible the glass should be reused. I would therefore not insist on the condition but would ask that care is taken so that where practical and feasible the glass is reused.

Kind regards

Nicola
