24th March 2025

Dear Sir / Madam

RE: DC/25/0320 WOODHOUSE FARM WOODMANCOTE BN5 9BA

I write to object to the above application for the following reasons;

1. The development will generate excessive vehicular movements to and from the public highway along a single track farm driveway (three quarters of a mile to the site) that is also a public footpath, increasing the dangers to walkers, for who there are little or no opportunities to legally leave the roadway. This in addition to the lack of legal passing places, currently vehicles either pass each other using driveways, ours is constantly being used or forcing drivers to illegally leave the roadway, causing significant damage to verges.

2. On the proposed building the introduction of additional first floor windows and balconies is contrary to the original consent and against the spirit of Q Class planning regulations and guidelines.

3. The additional internal and external lighting at the site will be visually impactful from the SDNP and alter the natural environment, to the detriment of the local fauna.

Yours faithfully
