Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Loss of General Amenity - Overdevelopment - Privacy Light and Noise
Comments:	Another development that I strongly object to. This development will seriously impede the traffic entering and leaving the town as well as the animals that currently reside here presently. There are enough unused buildings in the town centre that can be used for development if they need to be used.

There is a serious lack of water currently and another housing development will not help this.
Lastly, I'm not sure Horsham needs another development. There are over 5000 houses currently being built and the lack of infrastructure doesn't help either i.e. traffic congestion, no schools or hospitals, lack of green land for us humans as well as animals to use.
Wouldn't it be a good idea to use the housing we currently have before building additional properties.

Kind regards
