Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Overdevelopment - Privacy Light and Noise - Trees and Landscaping
Comments:	I object on a number of issues. As a Pulborough resident we already get flooding on the Arun we cannot take any more. We do not have the infrastructure, the sewage and water cannot cope. We must stop building on green field sites when there are plenty

of industrial brown field sites in Horsham. Just because it's cheaper for the developers it is not the right use of land.

Our biodiversity is struggling with the UK already the most nature depleted country in Europe. When there are species that are threatened it is imperative that their rights come before the developers.

Kind regards
