Comments of Case Officer:

Specific areas that PHLO are asked to comment on:

Initial view of Case Officer:

PHLO Comments:

Commercial or agricultural buildings can be subject to significant contamination risks arising from their use, construction and storage of machinery equipment fuels or other chemicals. Potentially hazardous materials may also be incorporated in made ground, yards and hard standings.

Information is required on these matters and a preliminary risk assessment should be provided to ensure the application is properly determined.

No information on future water supply arrangements for the prosed dwelling have been provided.
